Clean (ml/gal)	5.0	10.0

DISCLAIMER: This serves as a foundational recommendation. Growers have the discretion to make any necessary adjustments. Modify the feed chart based on the weeks required to complete a run, considering strain-dependent factors.

Please carefully review the complete Directions for Use, Conditions of Warranties, and Limitations of Liability before utilizing this product. If you find the terms unacceptable, promptly return the unopened product container. By using this product, the user or buyer acknowledges and accepts the outlined Conditions, Disclaimer of Warranties, and Limitations of Liability.

CONDITIONS: The provided directions for use are deemed sufficient and must be meticulously adhered to. However, it is impossible to entirely eliminate all associated risks. Factors such as weather conditions, the presence of other materials, or the method of use/application—beyond the control of Ninurta, Inc.—may result in crop injury, ineffectiveness, or unintended consequences. The user or buyer assumes all such associated risks. DISCLAIMER OF WARRANTIES: In accordance with applicable law, Ninurta, Inc. extends no other warranties, whether express or implied, regarding merchantability, fitness for a particular purpose, or otherwise, beyond the statements on the product's label. No agent of Ninurta, Inc. is authorized to make warranties beyond those specified herein or to modify them. To the extent consistent with applicable law, Ninurta, Inc. disclaims any liability for special, incidental, or consequential damages resulting from the use or handling of this product. LIMITATIONS OF LIABILITY: In compliance with applicable law, the exclusive remedy for any and all losses, injuries, or damages arising from the use or handling of this product—whether in contract, warranty, tort, negligence, strict liability, or otherwise—shall not exceed the purchase price paid, or, at Ninurta, Inc.'s discretion, the replacement of the product.
